## **BOARD OF EDUCATION**

### **Resolution# 20/21-03**

#### ***Resolution Regarding Sufficiency of Instructional Materials for the 2020-2021 School Year***

**WHEREAS**, the governing board of the Monterey Peninsula Unified School District, in order to comply with the requirements of Education Code Section 60119(c) held a public hearing on September 8, 2020 at 6:30 p.m., which is on or before the eighth week of school and which did not take place during or immediately following school hours, and;

**WHEREAS**, the governing board provided at least ten days' notice of the public hearing posted in at least three public places within the district that stated the time, place, and purpose of the hearing, and;

**WHEREAS**, the governing board encouraged participation by parents, teachers, members of the community, and bargaining unit leaders in the public hearing, and;

**WHEREAS**, information provided at the public hearing and to the governing board at the public meeting detailed the extent to which textbooks and instructional materials were provided to all students, including English Learners, in the district, and;

**WHEREAS**, the definition of "sufficient textbooks or instructional materials" means that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and;

**WHEREAS**, sufficient textbooks and instructional materials were provided to each student, including English Learners, in Mathematics, Science, History-Social Science, and English/Language Arts, including the English Language Development component of an adopted program, consistent with the cycles and content of the curriculum frameworks, and;

**WHEREAS**, the District will provide each student with required instructional materials as part of their base educational program as defined in Education Code Section 60420-60424, and;

**WHEREAS**, sufficient textbooks and instructional materials were provided to each student, including English learners, which are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in the following subjects:

**DUAL ENROLLMENT:**

*California Education Code(EC)*, Section 48800 provides that the governing board of a school district may determine which students may benefit from advanced scholastic or vocational work. The governing board may authorize those students, upon recommendation from their principal and with parental consent, to attend a community college as a special part-time student and to enroll in one or more courses offered at the community college level. The purpose of the code is to provide educational enrichment for a limited number of eligible pupils. The educational enrichment opportunity will typically result in a request for concurrent enrollment in courses not currently offered by the approving school. Textbooks and instructional materials used in Dual Enrollment courses are provided to students free.

**WHEREAS**, sufficient laboratory science equipment were provided for science laboratory classes offered in grades 9-12, inclusive;

**THEREFORE, BE IT RESOLVED** that for the 2020-2021 school year, the Monterey Peninsula Unified School District has provided each pupil with sufficient textbooks and instructional materials aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks.
